About Me

Vida Moayedi
Front End Developer/ UI-UX Designer

I am a Front End Developer and UI/UX Designer, who is passionate about cooking. I made this blog to show my passion for designing, coding and cooking! I live in Calgary, Canada. I love animals and nature, and you can find me talking to my cats, dog, and my plants! If you want to know more about my work you can check me out on LinkedIn.

I started Front End Developer Nano Degree program to learn more about Javascript and to be able to make dynamic features in a website. I also enjoy playing with font, color and shapes. I have made the mockups for this website using Adobe XD.

I hope you enjoy this website, and Bon Appetite!

Spread the word!

My favourite Quote

"Everything that you ever want is on the other side of fear"

- George Addair
